The Allentown office of Colliers Lanard & Axilbund negotiated the sale of a 20,000 square foot textile knitting mill in Coopersburg. Rhetech Inc., formerly in Palm, Montgomery County, purchased the property for \$1.3 million. The facility, sold for Horvath Knitting Mills, is situated on 11.5 acres. Rhetech, a remanufacturer of washing equipment for the production of silicone wafers and computer chips, expects the move to create between 20 and 25 new jobs.
