

Demand The Rhetech Advantage

Inventory Clerk

Rhetech, a semiconductor equipment manufacturer, builds equipment utilized in the wet-processing of wafers and is located in Coopersburg PA. We are currently in search of an Inventory Clerk.

Inventory Clerk must be a detailed individual to help maintain accurate inventory counts, records, and assist in locating, pulling, adjusting, recording, monitoring, and moving inventory items. The successful candidate must be proficient in inventory concepts and practices; have strong analytical and computer skills (Excel, Word, Email, etc.), be capable of lifting 40 lbs, and have prior fork lift experience. This position will require some over-time and will support the shipping department with packing, crating, and other duties. Should have 2 to 3 years Inventory Control experience in a manufacturing environment and prior experience working with a computerized inventory or MRP system.

Submit resumes with salary requirements to hr@rhetechinc.com or fax to 610-282-0789. Rhetech offers competitive pay rates as well as a generous benefit package. EOE.
